

Actuator

Descriptive Specification

- The InvaHeat Actuator is made for 24v or 230v supply normally in closed
- The InvaHeat Actuator provides noise free operation
- The InvaHeat Actuator can be used with electric on/off controls

Constructive Specifications

Voltage	24V, 230V, AC24V, 110V
Power Consumption	2W
Force	110N
Stroke	3mm
Running Time	180s
Valve Interface	Cap nut M30 x 1.5mm
Ambient Temperature	5°C – 50°C
Cable Length	900mm
Housing Material	PC+GF10
Colour	White
Protective Housing	±45°C Ip43, 45°C...90°CIP41
Product Code	UP-12PERT-050M
Product Code	UP-12PERT-075M
